Mr. COLE, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 23]

The Committee on Rules, having had under consideration House Resolution 23, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 152, the Disaster Relief Appropriations Act, 2013, under a structured rule. The resolution provides one hour of general debate equally divided and controlled by the chair and ranking minority member of the Committee on Appropriations. The resolution waives all points of order against consideration of the bill. The resolution provides that the amendment in the nature of a substitute printed in part A of this report shall be considered as an original bill for the purpose of amendment and shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute. The resolution makes in order only the amendment printed in part B of this report to the amendment in the nature of a substitute. The resolution waives all points of order against the amendment printed in part B. The resolution provides that after the disposition of the amendment printed in part B, the Chair shall put the question on the amendment in the nature of the substitute printed in Part A.

The resolution provides that if the amendment in the nature of a substitute printed in part A is not adopted, the Committee of the Whole shall rise and report that it has come to no resolution on the bill. If the amendment in the nature of a substitute is adopted, the amendment in the nature of a substitute shall be considered as the original bill for the purpose of further amendment. The resolution makes in order only those further amendments printed in part C of this report. The resolution provides that at the conclusion of con-

sideration of the amendments printed in part C, the Committee shall rise and report the bill to the House with such amendments as may have been adopted. Any Member may demand a separate vote in the House on any amendment adopted in the Committee of the Whole to the bill, to the amendment in the nature of a substitute printed in part A, or to amendment number 1 printed in part C. The resolution provides that each such amendment printed in part B and part C of this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment (except as specified in this report), and shall not be subject to a demand for division of the question in the House or the Committee of the Whole. The resolution provides one motion to recommit with or without instructions.

Finally, the resolution directs the Clerk to, in the engrossment of H.R. 152, add the text of H.R. 219, as passed by the House, as a new matter at the end of H.R. 152; conform the title of H.R. 152 to reflect the addition of the text of H.R. 219, as passed by the House, to the engrossment; assign appropriate designations to provisions within the engrossment; and conform cross-references and provisions for short titles within the engrossment.

EXPLANATION OF WAIVERS

The waiver of all points of order against consideration of H.R. 152 includes the following:

- Section 3(d)(5) of H. Res. 5 of the 113th Congress, which prohibits the consideration of a general appropriations bill in the Committee of the Whole unless it includes a spending reduction account. Unlike annual appropriations bills, an emergency supplemental bill does not have a separate 302(b) allocation, and each subcommittee represented in the bill is at or above its 302(b) allocation. Therefore, any amendment to strike funding would reduce the total level of spending in the bill but would not create what is commonly referred to as “headroom” within the Appropriations Committee’s allocations.

- Section 302(f) of the Congressional Budget Act, which prohibits consideration of legislation providing new budget authority in excess of a committee’s 302 allocations.

- Section 311 of the Congressional Budget Act, which prohibits consideration of legislation that would cause the level of total new budget authority or total outlays set forth in the applicable concurrent resolution on the budget for the first fiscal year to be exceeded.

The waiver of all points of order against the amendment in the nature of a substitute printed in part A of this report includes clause 2 of rule XXI, which prohibits unauthorized appropriations, legislative provision in a general appropriations bill, and the comingling of emergency and non-emergency items.

The waiver of all points of order against the amendment printed in part B of this report includes a waiver of clause 2 of rule XXI, which prohibits legislative provisions in a general appropriations bill.

The waiver of all points of order against amendment number 1 printed in part C of this report includes the following:

- Clause 2 of rule XXI, which prohibits unauthorized appropriations, legislative provision in a general appropriations bill, and the commingling of emergency and non-emergency items.
- Section 302(f) of the Congressional Budget Act, which prohibits consideration of legislation providing new budget authority in excess of a committee's 302 allocations.
- Section 311 of the Congressional Budget Act, which prohibits consideration of legislation that would cause the level of total new budget authority or total outlays set forth in the applicable concurrent resolution on the budget for the first fiscal year to be exceeded.

Although the resolution waives all points of order against amendments numbered 2 through 12 printed in part C of this report, the Committee is not aware of any points of order. The waiver is prophylactic in nature.
